HEAD COACH

GLENN EVANS

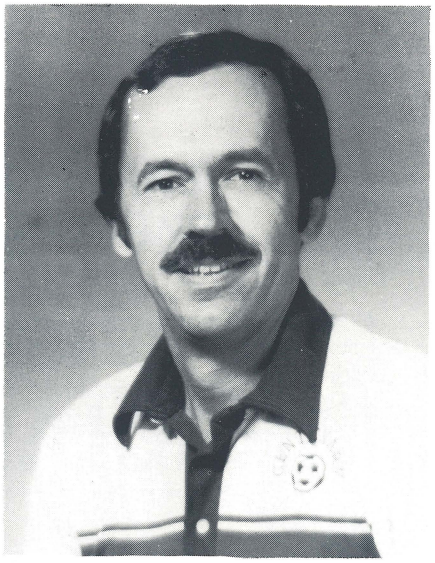

Photo by Cowen

Glenn Evans, the pioneer of Centenary Soccer way back in 1975, has posted a composite 57-31-1 record in seven seasons at the helm.

Evans guided the Gent program from its inception through 1978, before returning at the start of the 1983 campaign. Since then Centenary has notched three straight .500 or better seasons, including 13-8 (1984) and 14-6-1 (1985) -- good enough for third place finishes in the Trans America Athletic Conference the last two years.

"Last season was very satisfying because we won a tournament (East Texas Shoot-Out - an event the Gents have won four years in a row), and we played hard-nosed against some nationally ranked opponents," said Evans. "It's not time to rest though, and we hope to reach new heights this fall."

"I enjoy being a part of Centenary because it's a nice small school in a big city environment," said Evans.

Now in his eighth year at Centenary, Evans earned a B.S. in Health and Physical Education as a Gent in 1969. He received a master's degree in Education from the University of Georgia in 1970.

A product of Herkimer (New York) Senior High, where he played basketball and baseball, Evans attended Hartwick (New York) College for two years before coming to Shreveport. He coached soccer and basketball for four years at Athens (Georgia) Academy and then coached soccer and baseball at California Baptist (Riverside) for one season.

Evans, 41, is the Superintendent of Athletics for Shreveport Parks and Recreation. He and his wife, Karen, have three sons - Chad, 20; Scott, 15 and Trey, 3.

CENTENARY THE OLDEST COLLEGE WEST OF THE MISSISSIPPI

A liberal arts college exists to enhance the quality of life for its students and, through them, for society. The liberal arts, by tradition, free the mind from dogma and intellectual conformity in order that students may realize their fullest potential as individuals.

Centenary College is a liberal arts institution which provides superior education for students capable of intellectual leadership and for those who can benefit from study in an academic community where excellence is encouraged and individuality is respected. Such a community is fostered by the residential nature of the campus, an important factor in the development of the Centenary educational experience.

Centenary seeks to provide its students with a basic understanding of human affairs and problems, to motivate them to think clearly, honestly, and constructively and to communicate effectively; and to introduce them to the arts and sciences, that they may enjoy the best of the heritage of civilization.

Centenary places emphasis on preparation for various professions, both those for which a student can be prepared during his undergraduate career and those which require further graduate and professional study.

As an institution of the United Methodist Church, Centenary believes that knowledge and religious faith have to be linked if one is to enhance the meaning of the other. The College strives to challenge its students to serve society by exemplifying the highest Christian ethic. Our educational philosophy is thus supported by and founded on a Judeo-Christian heritage which emphasizes the wholeness of human life, the interrelatedness of knowledge, and the dignity of man.

Established in 1825 as the College of Louisiana, in Jackson, the school merged in 1848 with Centenary College, which had been founded six years earlier by The Methodist Church in Clinton, Mississippi. In 1908, accepting a generous offer of land and support from the Atkins family and a group of friends, the College moved to Shreveport.

Centenary College is fully accredited by the recognized regional and national agencies and is approved by the University Senate of The United Methodist Church. Centenary is a member of the Southern Association of Colleges and Schools.

With a student/professor ratio of fourteen to one, the classes at Centenary range in size from thirty students in popular introductory courses to six to ten students in junior and senior seminars.

Centenary College is especially and justly proud of its faculty, many of whom are nationally and internationally known authorities in their fields of study. Over two-thirds of the faculty hold terminal degrees. Eleven members of the faculty and staff have earned the coveted key of Phi Beta Kappa. Thirteen have the honor of membership in Omicron Delta Kappa.

Within the past decade Centenary professors have been awarded an impressive number of research fellowships and study grants by the American Council of Learned Societies, the American Philosophical Society, the Henry E. Huntington Library, and the National Endowment for the Humanities. (There have been ten NEH awards to Centenary professors.) During that same period, Centenary faculty members have also been honored as Danforth Associates, Fulbright lecturers, national officers in professional associations, and visiting professors in American and European universities.

Shreveport is located on the west bank of the Red River in Northwest Louisiana. The metropolitan area has a population in excess of 300,000 and forms the geographical, cultural, and economic center of the region known as the Ark-La-Tex.

The climate of the area features pleasant spring and fall temperatures, consistently warm summers and mild winters, with cold periods of short duration. The average annual temperature is 66° Fahrenheit. Residents enjoy outdoor sports and recreation throughout the year.

The Shreveport area is a major producer of oil and natural gas.

Another important part of the local economy is Barksdale Air Force Base, the headquarters of the Eighth Air Force and one of the largest bases of the Strategic Air Command.

The city has many fine medical and health care facilities, including a state medical center, school of medicine, and seven general hospitals.

Centenary College and members of the Shreveport community enjoy joint participation in cultural events. Opportunities in athletics, theater, musical events, opera, dance, and the visual arts are offered on and off campus.

The sixty-five-acre campus of Centenary College, two miles south of downtown Shreveport, is widely known for its natural beauty and stately Georgian architecture.

Introducing 3 brands of pet food for all kinds of retailers.

Now you can sell pet food that appeals to *your* customers, no matter what kind of store you have.

It's a new line of dry pet food from International Multifoods. Choose Sportsman, Partners or your own private label. Each is targeted to a special customer group. Each provides an attractive profit margin. And each is packed with the nutrition and quality you'd expect from International Multifoods.

Partners.

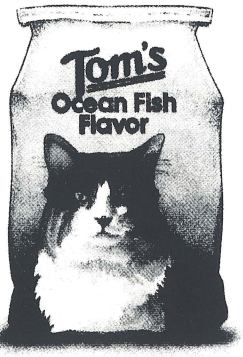
An excellent consumer value. It's good nutrition that's wholesale priced at wide margins. The Partners line has good general appeal, with a brand identity that targets the unique relationship pets have with families. Seven formulations offer a choice for practically every pet need. Package design provides excellent product visability.

Sportsman.

Six different formulations for every stage of growth or level of activity. Sportsman Pet Foods give dogs and cats complete nutrition plus the taste and nugget size they prefer. And the entire line is beautifully packaged, featuring eye-catching full-color illustrations.

Private Label.

Our nutritionally complete formulas for dogs, cats and puppies—with your own name brand. You get the advantages of a custom, in-store label at very competitive prices. And International Multifoods has full-service capabilities, including ten-day truck delivery, shrink baling, slip sheeting, stretch wrapped pallet loads and pallet exchange.



Find out more about the profit potential you get with the new dry pet foods from International Multifoods.
